SECOND INFORMATION DISCLOSURE STATEMENT

SIR:

In accordance with 37 CFR §1.56 and § 1.97(b), Applicants wish to call the attention of the Examiner to the references listed on the accompanying form PTO-1449, copies of which are enclosed.

These references are relevant because they are cited in a German Search Report of the German Patent Office in a corresponding application. A copy of that Search Report is also enclosed.

The undersigned hereby certifies that each item of information contained in this Information Disclosure Statement was cited in a communication from a foreign patent office (i.e., the German Patent Office) in a counterpart foreign application not more than three months prior to the filing of the Information Disclosure Statement.

The Examiner will note that EP 0921170, WO 93/20164 and WO 00/39233 are not being included in this Information Disclosure Statement, although listed in the German Search Report. This is because said references were included in Applicants' first Information Disclosure Statement.

Applicants also note English language counterparts of non-English references as follows:
